## WHAT IS ROAD HAZARD DAMAGE?

Road hazard damage occurs when a tire fails as a result of a puncture, bruise, or impact break incurred during the course of normal driving on a road maintained by state or local authority. Nails, glass and potholes are

the most common examples of road hazards. **The term "road hazard" does not include sidewall damage from scuffing curbs.**

**Note:** Proper tire care is necessary to obtain maximum service from a tire. It is your obligation to maintain your tire's proper cold inflation pressures as specified by your vehicle's manufacturer and inspect your tires periodically for damage that could be corrected before creating a condition that would cause the tire to be removed from service.

## PROTECTION BENEFIT PERIOD:

This Plan is valid for twelve (12) months from the purchase date, as stated on the original purchase receipt, or within the first 2/32nds of an inch of treadwear, whichever occurs first (the "Coverage Period") due to a normal road hazard condition (subject to the General Conditions and Limitations). Once a tire is worn beyond 2/32nds of an inch of treadwear or more than twelve (12) months from date of purchase, this road hazard warranty is null and void. When an Eligible Tire(s) is replaced, the Protection Benefits of the replaced tire ends. See below for full coverage details regarding tire replacements and repairs.

## WHAT ARE THE BENEFITS?

**Tire Replacement:** If during the Coverage Period an Eligible Tire becomes unserviceable because of a road hazard, and cannot be safely repaired per the manufacturer's guidelines, it will be replaced with a new tire. If available, a new Eligible Tire of the exact make/model will be installed and will be eligible for the same Road Hazard benefits under a new Plan. If not available, this Plan will cover the cost, up to one hundred percent (100%) of the retail price paid (as stated on the original sales invoice) for the original tire, of a comparable quality tire. You will be responsible for any taxes, mounting, balancing, and any other miscellaneous fees. This Plan does not transfer to the replacement tire. If the replacement tire is not an Eligible Tire, you must purchase a separate plan, if available, at time of replacement.

**Tire Repair:** If your tire is damaged due to a road hazard and can be safely repaired, the tire will be repaired per manufacturer's guidelines at any authorized National or Sumitomo Tires dealer. This Plan will cover up to \$20.00 to have the tire repaired. This Plan will remain in effect.
